

TK - DOMASHNIY TEKSTYL

VOLODYMYR MARTSENIUK

– managing partner of TK-Domashniy Tekstyl

"We are leaders in the producing of home textiles in Ukraine and set standards for the entire industry. Our mission is to conquer new heights, expand our influence in the market, increase of assortment, and develop of new niches. Charged with the desire for expansion, we confidently move to our goal. Innovation makes us unattainable to competitors, so we constantly improve ourselves, our product, and our service. Our task is control over the full production cycle, which gives independence and maximum efficiency. Global retailers and influential organizations recognize our leadership. We protect our reputation, so we keep our word and fulfill our obligations. We build partnership relations on the principles of honesty and transparency. With all loyalty to customers, we take care of the satisfaction of their needs. We do believe that any large business should carry a social responsibility, that's why we do charity work and take care of our compatriots. Our team consists of talented, dedicated people, motivated and ambitious. We appreciate their contribution to the company's development; therefore, we promote growth. We treat them not as employees, but as partners. We are reaching high-efficiency thanks to the digitalization of business and the introduction of modern production technologies and management. Our designers create trendy textiles that correspond to world trends in fashion. Environmental friendliness is an important parameter that we follow during manufacturing products.

We protect natural resources and implement the principles of lean production."

– a company that has worked in the market for over 25 years. We are leaders in the production of ready-to-buy textile products in Ukraine. Our trademark "Home Line" has gained popularity far beyond the borders of Ukraine. We export products to the Baltic countries, Poland, Italy, Slovenia, Georgia, and Israel. The product range includes more than 20 product categories and more than 10 000 articles: bed linen from natural fabrics of own production, knitted sheets and pillowcases, mattress toppers, mattresses, terry dressing gowns and towels, pillows and blankets, quilted bedspreads, kitchen textiles, HoReCa, and spa products.

WE ARE TRUSTED

We are the largest Ukrainian supplier of textile products for the needs of the UN units in Ukraine, the Red Cross Society, the Ministry of Defense of Ukraine, the Ministry of Social Policy of Ukraine, Ukrzaliznytsia, and other departmental structures and non-profit organizations.

We supply professional textiles and overalls for hotels and restaurants. Among our customers are top hotel chains: Radisson, Hyatt, Fairmont, InterContinental, City Holiday Resort & Spa, Edem Resort Medical & Spa, and others.

We offer complex solutions for HoReCa, including products of both our production and goods of world brands that are imported.

WE ARE TRENDY

Every year we participate in all main textile exhibitions which are held in Ukraine and EU countries, USA, China, and the Middle East, thanks to which the Home Line products always keep up with all modern trends.

PRODUCTION

The central part of the assortment is produced at our factories, which are located in Kyiv, Odesa, and Chernihiv.

The total production area is more than 10 000 m², which employs more than 500 people.

The sewing areas are equipped with modern Juki and Brother industrial equipment, which achieves the highest quality in the production of products and minimizes defects.

All production is certified according to the ISO 9001 quality management system, and ISO 14001 environmental management system.

The manufactured fabrics have the OEKO-TEX Standard 100 safety certificate.

- ✂ Clothes for any purpose
- ✂ Chevron, etc.

We offer complex solutions for hotels, and restaurants, making embroidery in the corporate style of the customer company.

COOPERATION WITH INTERNATIONAL ORGANIZATIONS

TK- Domashniy Tekstyl is a leader among Ukrainian textile manufacturers in humanitarian projects implemented with international organizations. Since the start of the full-scale invasion, we have established cooperation with charitable foundations to help people affected by war and forced displacement.

WE ARE PROUD OF OUR COOPERATION WITH SUCH ORGANIZATIONS AS:

unicef

ICRC

UNOPS

ACTED

КАПІТАС УКРАЇНИ
CARITAS UKRAINE

IOM • OIM

On the photo - Ambassador of USA Bridget Brink and the Deputy Administrator of USAID Isobel Coleman with a visit to "TK - Domashniy Tekstyl" production facility. 02.10.2023

HELP PACKAGE

The package is specially designed to help displaced people.

During the first year of the war, we produced and sold more than 100 000 "Help packages".

IT INCLUDES:

- ✕ Polyurethane foam mattress;
- ✕ Blanket;
- ✕ Pillow;
- ✕ A set of bed linen;
- ✕ Face towel;
- ✕ Bath towel.

HYGIENE SETS

In cooperation with humanitarian organizations, we developed hygiene kits for children and adults who suffered from a result of hostilities.

Among the most popular:

- ✘ "Children on the way" - a backpack with hygiene items, coloring books, toys, snacks, etc.
- ✘ "Family" - a package consisting of essential items for the family: towels, napkins, and other hygiene products.
- ✘ "For organizations" - a set consists of means for disinfecting the premises, detergents, napkins, mops, etc.

During the year of the war, we sold **400 000+** of hygiene kits and continued to work on the development of new ones.

- ✘ Production of home textiles
- ✘ Production of mattresses
- ✘ Fiber regeneration
- ✘ Computerized quilting production
- ✘ Automated production of pillows
- ✘ Production line of siliconized fiber fillers
- ✘ Production of knitted products

The company was founded in **2015** and currently employs **110 people**

PRODUCTION OF MATTRESSES

The production of the frame and frameless mattresses allows the use of various filler materials, such as coconut coir, seaweed, and husks of various seeds; and familiar to everyone - batting, sewing cotton, polyurethane foam, etc.

Production capacity: 17 000 units per month.

We are one of the largest manufacturers of mattresses in Ukraine

AUTOMATED PRODUCTION OF PILLOWS

The company's product range includes pillows with various fillers: siliconized fiber, holofiber, silk, bamboo, tencel, fluff, feathers. We also make orthopedic and spring block pillows. We have two computerized machines for the automatic quilting process, which allows us to create decorative pillows with designs of any complexity.

The top of the pillow can be made of fabrics: calico, teak, twill, boiled cotton, luxury satin and percale. The vast possibilities of our products allow us to create a product for both the average and premium segments. The production line is capable of producing up to 1 500 pillows per shift.

At the end of **2020**, a new enterprise was founded - "**TK-Profiteks**", which employs **160 employees**. The daily production volume is **5 000 units** of products.

The production is equipped with modern computerized laying and cutting systems, which ensure high-quality of cutting and significantly shorten the production time.

- ✘ Production of clothes for children, including babies.
- ✘ Production of special-purpose clothing

Knitwear production, which has facilities in Kyiv and Odesa.

PRODUCTION OF TEXTILES FOR BABIES

The company "TK-Domashniy Tekstyl" is a permanent manufacturer of knitted and textile products for the state financial aid program "Baby Package".

In 2018, we were the first, together with the United Nations Office for Project Services (UNOPS), to be able to produce the required amount of products and deliver the "Baby Package" kits to all maternity hospitals in Ukraine.

Our capacity allows us to produce more than 1 000 000 units of baby products per month.

We have all the necessary certificates for children's clothing

KNITTED PRODUCTION

The machine park consists of overlockers, and flat sewing machines from JUKI and Brother.

The SERKON Makina high-performance automatic cutting complex provides cutting to all factories in Kyiv.

The only finishing factory in Ukraine for the producing cotton fabrics for home and children's textiles.
We manufacture fabrics for special-purpose clothing for the Ministry of Defense of Ukraine, Ukrzaliznytsia, etc.

The production equipment allows you to make fire-resistant and moisture-resistant impregnation of fabrics.

Among the advantages of TK DT-Chernihiv is the flexibility of production and loyalty to the customer, which are manifested in the readiness to develop a special product for the customer in terms of design and quality.

The fabrics are certified according to Oeko-Tex Standard 100, which guarantees the use of only safe dyes and reagents are used in production. Production capacity – 500 000 l.m fabrics per month.
